

Tracy City Town Hall Renovation

Tracy City, Tennessee

POPULATION: 1,464
STATUS: Complete
TYPE: Construction Management
YEAR: 2011

Farmer | Morgan directed two phases of Construction Management on the ongoing Tracy City Town Hall Renovation. First, the firm served as CM-Agent for substantial energy upgrades that included replacing HVAC systems with package units, window/door redesign and replacement as well as lighting upgrades. In addition, Farmer | Morgan oversaw design and bidding of the new roof design and exterior upgrades that include structural advancement to the roof and other major building components.
