

## WILLIAM A. HARGROVE, ASLA *Associate Project Designer*

As Associate Project Designer for Farmer|Morgan, LLC, Will Hargrove brings a fresh perspective of urban planning, design and landscape architecture to create socially, culturally, and environmentally sustainable places. Will has participated in projects of various types and scales through studio courses and community design charrettes, investigating everything from sustainable stormwater management systems to urban scale local food networks. His college experience has allowed him to develop a close understanding of urban design, community planning, landscape architectural, horticultural, and ecological techniques that have fostered an intense understanding and respect for the land on which we live.

**Education:** Auburn University, College of Architecture, Design, and Construction.  
*Master of Landscape Architecture, Graduate Minor: Community Planning.* Spring 2011.  
Auburn University, College of Agriculture  
*Bachelor of Science, Horticulture, Emphasis: Pre-Landscape Architecture.* Summer 2009.

**Affiliations:** American Society of Landscape Architects  
Sigma Lambda Alpha Landscape Architecture Honor Society  
American Planning Association

**Presentations:** Emerging Issues Along Urban-Rural Interfaces Conference - Economic Development and Flood Reduction in Mobile, AL through Mixed-Use Infill and Sustainable Stormwater Management Practices. 2010

### **Farmer|Morgan: Relevant Work**

#### **Planning**

- **Pikeville Downtown Redevelopment Plan-** *Pikeville, TN:* an 18 acre mixed-use redevelopment plan and implementation strategy.
- **Monteagle 20/20- A Corridor Master Plan-** *Monteagle, TN:* a redevelopment master plan for Monteagle's 2.5 mile primary transportation corridor. The master plan combines land use with transportation to create a town center within Monteagle.
- **Saltillo Brownfields Program and Redevelopment Plan-** *Saltillo, TN:* a series of community design workshops to address redevelopment planning for the City of Saltillo, TN.

#### **Design**

- **Pikeville Downtown Entertainment Venue-** *Pikeville, TN:* plan for a downtown entertainment space to include an outdoor covered stage, grass pavers, and restroom facilities.
- **Assouad Residence-** *Nashville, TN:* a residential plan to include a swimming pool and terrace, a new garage structure, an arbor, and tree and shrub plantings.
- **Mountain Goat Trail-** *Monteagle, TN:* construction calculations for phase one of a multi-phase Rails to Trails project that will stretch over 30 miles, connecting several counties and municipalities and becoming a regional economic driver.
